

If You Could Fly

Oren Levine

What is the shape of the world in your eyes What do you see At the edge of the sky

How does it feel And can I be by your side

If you could fly To that ma-gi-cal place If you could soar To the cen-ter of space

Where would you be And can you give me a ride I want to

join you In per-fect to-ge-ther Em-bra-cing That per-fect for-e-ver

A-ny place you want to be Let's set a

course now To our des-ti-na-tion I'm rea-dy We'll meet at the sta-tion

Ai-sle or win-dow will do As long as it's just me and you
